Always towards betterment...

We serve following industries

- Pump Industries
- Valve Industries
- Thermal Power Industries
- Sugar and Paper Industries
- Electrical Industries
- Agricultural Industries
- Automobile Industries
- Chemical Industries

www.trimurtigasketind.com

Industries We Serve

1. Pump Industries

We provide wide range of all types of Gaskets and Gland Packings to Agricultural Pumps, Domestic Pumps and for both Centrifugal and reciprocating type Pumps. As we supply Gaskets and Packings to most of the Top Pumps manufacturers of India, we have become "Specialist" in Pump Gaskets. We can provide Gaskets as per IS, BS, ASA, DIN standard etc.

2. Valve Industries

We provide of all types of Gaskets and Gland Packings to Valve Industries. There are wide range of Gaskets and Packings which required in Centrifugal Valves, Sluice Valves, Gate Valves, Butterfly Valves, Double Beat Valves etc. We can provide Gaskets as per IS, BS, ASA, DIN standard etc.

3. Thermal Power Industries

We fulfils all the Gaskets and Packings requirements of Thermal Power Industries. We provide Gaskets and Packing which can sustain high temperature and high pressure in Thermal Plant.

4. Sugar and Paper Industries

We provide all types of Jointings and Packings to Sugar and Paper Industries. Thickness available for Jointings is from 0.25 mm to 6mm and for Packing 5 mm to 25 mm.

5. Electrical

We provide Transformer Gaskets and other Gaskets which requires in Electrical equipments. For such a equipment we provide Rubberised Cork Gaskets in RC-70C Grade.

6. Agricultural Industries

We supply Gaskets to various Agricultural Equipments like Rotavator, Tiller, Digger etc.

7. Automobile Industries

We can provide wide range of Gaskets to Auto Industries.

8. Chemical Industries

We provide all types of Gaskets and Packings which fulfils requirements of Chemical Industries. Our Gaskets and Packings can provide leak proof seal against any kind of Chemicals including Concentrated Acids, Alkalies etc. We

supply Jointing sheets of various grades as per various standards like IS, BS, ASA etc.

Sizes- 1500mm x 1600mm,
1500mm x 4500mm,
2000mm x 3000mm
Thickness-0.25mm to 6mm

Trimurti's Variety of Gaskets

1. Non Asbestos Gasket

We offer Non Asbestos Gaskets which are gaining significance due to the known hazards of asbestos made products. We offer a wide range of proven Compressed Non Asbestos Gaskets with high fluid media in addition to a few special applications.

Thickness : 0.5 mm to 6 mm

2. Compressed Asbestos(CAF) Gasket

Our range of Compressed Asbestos Gaskets is widely demanded in the market because of its outstanding quality. These Compressed Asbestos Gaskets are manufactured using carefully selected chrysotile fibers, closely blended with suitable heat resisting binders and fillers and vulcanized into sheets of homogenous compositions and uniform thickness.

Thickness : 0.5 mm to 6 mm

3. Spiral Wound Gasket

We are a renowned Supplier and Manufacturer of Spiral Wound Gaskets. The Spiral Wound Gaskets are reinforced with metal strips and have a filter inside to ensure perfect sealing. Our Spiral Wound Gaskets are suitable for use even at very high pressure and temperature. Our Spiral Wound Gaskets have accurate dimension and they ensure perfect sealing. We can provide Spiral Wound Gaskets with or without inner and outer rings.

Thickness : 3.2mm, 4.5mm

4. PTFE Gasket

We supply Pure PTFE (Teflon) Gaskets which have high chemical resistance, non-contamination and non corrosive properties. These Gaskets are suitable for Acidic media.

Thickness : 0.5 mm to 6 mm

5. Cork Gaskets

Our Rubberised Cork Gaskets are widely used in Automobile and Electrical industries. Due to resilience of Cork and mechanical strength of rubber, these Rubberised Cork Gaskets are mostly used as oil pan gasket, valve cover gasket, radiator gaskets, etc. These Rubberised Cork Gaskets are also used in electrical transformers. Our Rubberised Cork Gasket remains in use for a long time without any wear-and-tear.

Grades : RC 70C, RC 80C etc.

6. Non Asbestos and Asbestos Gland Packing

To achieve zero leakage between a moving member and a relatively stationary part, a wide range of seals and rings are employed. However, the most common, least expensive and versatile in nature are Asbestos & Non Asbestos Packing Products. We are a renowned Asbestos & Non Asbestos Packing Products Supplier in India. Asbestos & Non Asbestos Packing Products provide a dynamic seal for a rod, shaft or stem via housing or gland which is packed with resilient or semi-resilient material. These Asbestos & Non Asbestos Packing Products provide a localized contact area which offers a physical barrier to leakage.

Dealers of

Ferolite

We are Authorised Dealer of Ferolite Jointings Ltd, Ghajjabad. Ferolite Jointings Limited is India's No. 1 manufacturing unit of NAM & CAF. This recognition was achieved in a short span of time. Ferolite, a technology driven company, manufactures wide range of products suitable for a number of general and specialized applications. has been catering to the diversified needs of core-sector industries, such as Engineering, Mining, Aerospace, Steel, Chemical, Petrochemical, Fertilizer, Power Generation, Ship building, Atomic Energy, Electrical, Oil Exploration, Automotive, Railways, etc.
